Twelve Months Dead Line.

By order of the Postoffice Department all weekly papers can no longer be mailed as second-class matter to subscribers twelve months or more in arrears. In complying with this new ruling we have been compelled to cut off 300 names, and all subscribers from this time on will have to be promptly dropped when their subscription becomes twelve months past due. Please keep yourself from under the dead line by paying one year in advance. Publisher.

Good Work of the Old Council.

There was never a preceding council that served Clay City which did more to the towns real good than did the retiring city council. With a decreased revenue which was brought about by no saloons for two years, the town built the highway bridge at Waltersville had finished paying for it when the new council took control and left over \$900 in the treasury and all claims paid. They kept up the streets in about the same condition as all of their predecessors and furnished the city with electric lights every night. Another important saving; they never incurred a single lawsuit for the city during the four years service, but fought those against the city when the new council came in control. In all the old council has an enviable reputation, such as the new council hopes to build for themselves and if they maintain such during their term of office they will be worthy of congratulations.

The City Hall.

The different Lodges of the city have signified a willingness to confer with the city council in the erection of a city Hall and Lodge room in connection and have appointed committees to meet the committee appointed by the council to bring about this result. The talk seems to be a two or three story concrete block building to be erected some where in the central part of town on a large lot so as to have plenty of room. The project seems to meet with favor by all interested, and the business men and taxpayers of the city in general.

Republican Convention.

The Seventh District Republican Committee has called a convention to meet at Winchester to hold a nominating convention on Tuesday, March 17. County conventions will be held Saturday, March 14. If there is only one candidate announced by March 1 the committee will declare off conventions and name the nominee.

Judge Ed. C. O'Rear, the present incumbent, is the only announced candidate and will probably have no opposition. The district is very largely Republican.

Damages Against Courier-Journal.

Monyhan and Son secured judgment against the Courier-Journal for \$15,000 damages at Nicholasville last week. This firm ran a rock crusher at Beattyville in 1906 and it was published in the Courier-Journal that they were holding men in peonage, though their names were not outwardly mentioned in the article. The paper next day, however, published a denial of the charge over Monyhan & Company's signature.

Sending Out Statements.

The past week we have mailed a number of statements to subscribers. As before stated not a single individual will be sent this paper for a longer time than twelve months after the time paid for expires. The recent postal ruling compels us to adopt this system, and we dislike it as badly as you do, but Uncle Sam is a bigger man than we are so we have meekly bowed to his demands.

In sending out so many statements there is liable to be some errors, so if there happens to be one in yours, let us know and we will refer to our books again and get it straight. In the meantime send along the amount you think you owe and we will give credit for this much.

An Important Business.

Geo. W. Anderson, Jr, the poultryman, has purchased in Clay City since he started up the business a little over two years ago, \$18,000 00 worth of produce. This is far from a small item and shows what such a business does for a town. Mr. Anderson has of course covered surrounding territory by wagon, but the trade has all centered here. We hope to see his business improve to even much larger proportions. The rumor that he would close out business here is all a mistake. He will continue to buy anything in this line you have to sell, and pay you highest market price for same.

Found Dead.

Little Catharine, the seven-year-old daughter of ex-Mayor D. R. Daniel was found dead in the bed about 5 o'clock in this city Friday morning. The child had gone to school the day before and was very playful up till it went to bed apparently in the best of health. It was shocking indeed to the family to find the little one cold in death so unexpected.

The Senatorial race in the Legislature continues a dead-lock. W. J. Bryan was before the Legislature Tuesday and urged the election of a Democrat and not a Republican.

The Elks will hold a fair at Winchester this year, the date being fixed for August 4 to 8.

The sale at Robt. Niblack's yesterday was well attended and articles brought fair prices.

A dispatch says Winchester is to have a daily paper published in the afternoon.

New Postal Ruling.

The postal department has issued a new ruling regarding the entrance of papers at the second class rate. The law explains itself as follows:

A reasonable time will be allowed publishers to secure renewals of subscriptions, but unless subscriptions are expressly renewed after the term for which they are paid, within the following periods:

- Dailies, within three months;
- Tri-weeklies within six months;
- Semi-weeklies, within nine months;
- Weeklies, within one year;
- Semi-monthlies, within three months;
- Monthlies, within four months;
- Bi-monthlies, within six months;
- Quarterlies, within six months;

they shall not be counted in the legitimate list of subscribers, and copies mailed on account thereof shall not be accepted for mailing at the second-class postage rate of one cent a pound."

Sears, Roebuck & Co. in Trouble.

Sears, Roebuck & Co. the great Chicago mail order house, must stand trial in the Federal court at Des Moines, says the Leader of that city, on charges of using the United States Mail to defraud. An indictment containing three counts was returned against the firm by the Federal grand jury. The penalty upon conviction will be \$500 on each count.

The indictment is based on three cases in which it is alleged that the company misrepresented articles for sale in its catalogues, which is sent out through the mails. Besides the catalogues, it is claimed that the concern uses letters, circulars, pamphlets, order blanks and letter heads to defraud its customers.

The first charges that on June 13th the company devised a scheme to obtain money by false pretense from Dr. C. F. Spring, Utica building, Des Moines. On that date a letter was mailed to him in which the following statements were made:

"All our paints contain white lead made in our own great paint factory under the supervision of paint experts. They have given universal satisfaction, and we place over them our most liberal guarantee, which you are doubtless familiar with."

As a matter of fact, so the indictment sets out, Sears, Roebuck & Co. did not manufacture paint in its own factory. Its paint was not of the highest grade and was not equal to any ready mixed paint on the market, regardless of price, as advertised in its catalogue. Furthermore, the paint did not contain white lead, so the indictment charges.

R. H. Miles, rural route No. 1 Des Moines, is the victim named in the other two indictments. On May 25th Mr. Miles ordered a ring advertised in the Sears, Roebuck & Co. catalogue to contain four pearls and sapphires. The ring that he received did not contain either sapphires or pearls and was materially inferior in quality to the one described in the catalogue.

On May 6th Mr. Miles ordered another ring advertised to contain twelve pearls and two rubies. The ring he received contained neither pearls nor rubies. Both the catalogue and the rings were sent through the mails, making the alleged misrepresentation a violation of the Federal statutes regarding the use of the mails.

W. J. Pilkington, editor of the Iowa Trade Journal, worked up the case against the Chicago firm. —Wichita Falls Times.

Illiteracy in Kentucky.

Between 1880 and 1900 Negro illiteracy in Kentucky diminished 30.3 per cent; in the same time White illiteracy decreased 9.1 per cent.

Percentage of illiteracy of total voting population 18.8.

Rank of Kentucky on this basis 38.

Percentage of illiteracy of white voters 13.9.

Rank of Kentucky on this basis 46.

Percentage of illiteracy of native white voters of native parentage 15.5.

Rank of Kentucky on this basis 49.

There are thirty-eight counties in Kentucky in which the percentage of illiterate white voters is twenty or more, in eight of these the percentage is thirty or more, and in three it is thirty-five.

In some of these counties, therefore, every fifth white voter, in others every fourth white voter, and in some every third white voter, as he steps into the voting booth, must look at the picture to know how to vote!

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Governor Willson refers to the "peaceful armies" now trying to persuade fellow farmers to co-operate altogether and put an end to the tobacco trust, as "lawless armies." It would be interesting to have Governor Willson's opinion of Caleb Powers' "peaceful army" that marched on Frankfort eight years ago.

Printed by Request.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October, of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

Young Man With Two Heads on His Shoulders.

A young man was seen in this city last Sunday with two heads on his shoulders. Both were fully developed, with rather handsome features. The young man is not a museum freak, as might be supposed. The other head was the property of his sweetheart and probably would not have been seen in that position had it not been for the couple's neglect to pull down the blinds. We won't mention the young man's name if he will come across with a half dollar on subscription.

Consuming Consumption

even in its most insidious form is not always incurable. The first intelligent step in the treatment of the disease is to stop the violent paroxysms of coughing which tear the lungs and enfeeble the system. Piso's Cure has permanently cured many consumptive coughs, as shown by court testimony because its antiseptic, healing and soothing qualities act directly on the lungs and bronchial passages, stopping the coughing and gently healing the lacerated tissues. Even the most advanced consumptive coughs have responded quickly to Piso's Cure, which being absolutely free from opiates or habit-forming drugs is the ideal remedy for every form of coughs, colds, bronchitis in young and old. For nearly half a century Piso's Cure has been demonstrating that the most advanced form of chest affections

CAMBRIDGE

The Cambridge Reversible Sulky Plow is the highest type of plow of the twentieth century—constructed on correct, scientific and mechanical principles. It is the result of a constant endeavor to produce a perfect riding plow, and has 62 years experience in plow making back of it. The demand of the times has been for a better riding plow—the Cambridge meets that demand and only needs to be tried to convince the farmer that it is the superior of any riding plow ever before produced. It will do splendid work equally well on level land or on the hill-side; will leave the soil smooth and free of ridges and dead furrows; works with lighter draft than any hand plow doing the same work—easy on man and team. Made in two sizes and from the best malleable iron and high grade steel; improved and extra heavy steel wheels with dust cap and removable chilled boxes. Easy to manage, always under perfect control.

SUCCESSFULLY OPERATED BY ANYONE WHO CAN DRIVE A TEAM
